

From the CEO

I want thank YOU our loyal members for allowing us the opportunity to serve your financial needs for the past 84 years! We began as Younkers Credit Union in 1931 which evolved into Cornerstone Credit Union in 2004. In July 2012, we became Cornerstone Community Credit Union – open to anyone living or working in the Des Moines Metro Area, as well as continuing to serve the 3000 plus members we have in over 30 states.

2015 brought some measurable and meaningful changes to Cornerstone – most notable the construction of our new building beginning in September and completing in March of 2016. A new drive-through, exterior ATM, Safe Deposit Boxes, a new Mobile App, and some exciting exterior signage are just some of the new additions we have added to enhance our visibility and standing in our **85th Year** in the community!

Our plans for 2017 - **our 86th Year** - include an aggressive Branding/Marketing campaign, sustained growth in total Vehicle, Consumer and Business Loans, continued Membership growth, steady Asset growth, and a robust promotion of our new building and member services. Together, we have all made a huge difference! The Cornerstone team and I look forward to the future serving you and your family members with the outstanding service you have come to expect. Thanks for being one of our most valuable members and giving us the opportunity to help build your financial success one member at a time since 1931!

– Gary Key, CEO
